

Pam

U.S.D.A.

Young jeezy.

Let's go!

I know a broad name Pam

Baby's off the chain.

Some even call her a freak

A [?] and a half patrone in a glass

She might let you hit it with me

I know a broad name Pam

Baby's off the chain

Some even call her freak

A [?] and a half some Whitney in the glass

She might let you hit it with me

I fin to back it all up, yeah baby I might just

Thinking of a thigh and that ass's right

Yeah I like it on top but that [?] priceless water falls call the girl Niagra.

The boy go hard call him young Viagra

Got my head behind my back while I'm beating up the cake.

And now she kept saying daddy this shit good,

Then I left the room she said this nigga hood.
