

Only Now (feat. Tyler Graves)

Seven Lions

[Intro]

Oh-oh, oh-oh, oh

[Verse 1]

Restless nights
Can't catch my mind
When it starts to crumble (Starts to crumble)
I can't?fight
This?war inside
But I?try to tighten my grip
And stay?above water

[Chorus]

When all
The voices get too loud
And all the walls are falling down
Your touch saves me somehow
Move closer, there's only now

[Verse 2]

In the dark
Your light is all that I need to protect my soul
From the shark's destructive thoughts
That you melt away
'Cause your love is the answer

[Chorus]

When all
The voices get too loud (Too loud)
And all the walls are falling down
Your touch saves me somehow
Move closer, there's only now

[Outro]

Only now, only now
Only now, only now
Only now, only now
Oh
Move closer, there's only now
Only now, only now
Only now, only now
Only now
Oh, oh

Only now
