Don't You

Sage the Gemini

Ho-ho-ho-ho-holy shitUh, I got a bad girl let me bang like Kirko
Take 'em down take 'em down to the first floor
Hoes waitin for a nigga on pluto
So why on earth would I be waitin' on you for
I got a bad girl like everyday
Nighttime, mouth look like a sunny day
I'm in Newark switchin' every other lane
While you walkin down the street switchin every other way
'Tryna find a nigga
By the bed I drop fast and she was raw andTalkin' 'bout 'How long did it last?'
They want it bad and you know it don't you
But you know I got cash to put on it don't you -
BITCH
"Yeah you're bad and you know it don't you
She always say 'Boy you know I don't want you' (want you)
You're bad and you know it don't you
Now you're single and you're bad and you know it, don't you
But it's good.
You're bad and you know it don't you, (woah, woah, woah)
She always say 'Boy you know I don't want you' (want you)
You're bad and you know it don't you
Now you're single and you're bad and you know it, don't youBut it's good."
Umm
I'm 'bout to do me some bad girls [?] man
Still 'tryna get a girl from the seventh grade
It's like 'Damn why you teasin' me?'
Nice shape, and her face is Alicia Keys - yikes!
But I ain't trippin', there's bigger fishes to reel in
Relationships, when does the 'real' come in?
Sleepin on me like when does the pill kick in?
Been thuggin and it's over like Dave's shit, man
I been 'tryna make it better for your life
And you know I'm 'finna ask so you know [?] [?] tonight
You lay back and enjoy it, don't you
But you know I got racks to put on it, don't you -BITCH
"Yeah you're bad and you know it don't you
She always say 'Boy you know I don't want you' (want you)
You're bad and you know it don't you
Now you're single and you're bad and you know it, don't you
But it's good.
You're bad and you know it don't you
She always say 'Boy you know I don't want you' (want you)

You're bad and you know it don't you
Now you're single and you're bad and you know it, don't youBut it's good."
You're bad and you know it don't you
She always say 'Boy you know I don't want you' (want you)
You're bad and you know it don't you.
You're bad and you know it don't you
She always say 'Boy you know I don't want you' (want you)
You're bad and you know it don't you
Now you're single and you're bad and you know it, don't you
But it's good.
