

# Los Angeles Waltz

## Razorlight

I've been sitting here patiently,  
I've been talking to myself  
Trying to shake that sinking feeling,  
Wishing I was somebody else And I know it's not easy,  
When you don't get what you deserve  
You can say that you love me,  
But that's not what I've heard Tonight in L.A.  
Tonight in L.A.  
Well it's got to be that way  
Tonight in L.A. Maybe I'll get right out of here,  
All the way back to Turnpike Lane  
Find me a girl who can calm me right down,  
It's been such a fucked up year  
And I know it's not easy,  
When you don't get what you deserve  
You can say that you love me,  
But that's not what I've heard Tonight in L.A.  
Tonight in L.A.  
Well it's got to be that way  
Tonight in L.A. Maybe I'll get myself together,  
Or fall to pieces and run back home  
Get me a ticket for an airplane,  
I'm tired of being alone I was on Mulholland Drive with the radio on,  
They played Augustus Pablo and the Kings of Leon We sing, we know it's not easy,  
When you don't get what you deserve  
And you can say that you love me,  
But that's not what I've heard  
Tonight in L.A.  
Tonight in L.A.  
Well it's got to be that way  
Tonight in L.A. I think of you,  
How we own each other  
I think of you,  
Yeah we own each other  
Own each other  
Tonight in L.A.  
Tonight in L.A.  
Tonight in L.A.  
Tonight in L.A.  
Tonight in L.A.  
Tonight in L.A. Mars and the U.S.A.  
In fall, and the Milky Way

It's got to be that way  
Kinski's on Broadway  
Home a million miles away, away, away You've met your match  
Stars catch your eyes  
You've tried I'll bet  
You've met your match  
You burn like fire  
I hide your love  
You trust your nerve  
You burn like fire  
I steal I lie  
I tried the thrill  
You build me up  
You steal you lie  
And love me still  
Like me you tried  
You've cried I'll bet  
You've met your match
