

Thought Those Were My Last Words

Dax

What would you do if you had a second chance at life?
Would you take advantage of it, or let it slip through your fingers?
You know they say the biggest pain in life is regret Today we change that Thought those were
my last words
This time yeah it's gon' be different
No more hatred self inflicted
No more wasting time on women, yeah
No more building others' visions
This time ya it's gon' be different
No more dying only living, yeah oh
My, thought those were my last words
My my, thought those were my last words
I'm taking my fucking life back
No more regretting the shit that I've
Done and I cannot control from the past
Fuck if I fail I don't care if you judge me
I swear that I'm taking a chance
You only live once and I swear on
My momma that I'm gonna fuck up a bag
No fear nah I ain't holding back
Done with the lies
Swear that I've heard all multiple times
You cannot win without multiple tries
Niggas be fake I see it in there eyes, yeah
Go chase your dreams son
Go live your dreams son
Go chase your dreams hun
I'm done the fear ya done being lazy swear in done with the indecision
I ain't letting opinions from people
Deter me or paint me a picture I don't envision
If I say I'ma do it, I'ma do it regardless of how I'm feeling
I'ma do it regardless how they feeling
I'ma do it regardless of what you you expect, end of the day
I'm the one holding the feeling and weight and this pain of regret
Get out my face if you're not talking 'bout
Positive change that's involving success, fuck the fake
I'm thanking God I'm seeing different I busy dying now I'm busy living Thought those were my
last words
This time yeah it's gon' be different
No more hatred self inflicted
No more wasting time on women, yeah
No more building others' visions

This time ya it's gon' be different
No more dying only living
Yeah oh
My, thought those were my last words
My my, thought those were my last words 2020 is the year and the vision because all my goals
are in sight (Yes)
I'm failing repeatedly fuck if they
Hate you must fail before you get it right
Don't give a fuck what you say I'm climbing new heights
Fuck a hater they can watch while I live my life Yeah they watching everywhere we go
'Cause they know
Yeah they watching everywhere we go
'Cause they know
Know that I'm coming up next
Know that I'm coming for necks
Know that I'm fucking up bags
Making a difference and letting this positive energy stretch
Life is a test
And I'm thanking God I'm seeing different
I was busy dying now I'm busy living

Thought they those my last words
This time yeah it's gon' be different
No more hatred self inflicted
No more wasting time on women, yeah
No more building others' visions
This time ya it's gon' be different
No more dying only living
Yeah oh
My, thought those were my last words
My my, thought those were my last words
