

# Purple Lamborghini

## Skrillex & Rick Ross

[Verse 1: Rick Ross]

Biggest boss and I've been the trillest  
I'm a bigger problem when I click with Skrillex  
Murder on my mind, it's time to pray to God  
My revolver's not religious, the revolution's born  
You wanna know my name then go and tell the sarge (What?)  
You wanna know my gang: Suicide Squad  
Pistol on my waist, I might make a mistake (What?)  
Deadshot, head shot, oh my God, am I crazy? (Oooh)  
Drugs every corner, this is Gotham City  
Killer Croc came to kidnap you to cut out your kidney (Oooh)  
Ain't no mercy, got that purple Lamborghini lurkin'  
Rozay, don't you know that pussy worth it? (Oooh)  
Flooded Rolex at the Grammy awards  
They still sellin' dope, that's those Miami boys  
Killers everywhere, it ain't no place to run  
Forgive me for my wrongs, I have just begun

[Hook: Rick Ross]

Ain't no mercy, a-ain't no mercy  
Got that purple Lamborghini, purple Lamborghini lurkin'  
Ain't no mercy, a-ain't no mercy  
Got that purple Lamborghini lurkin' (Rozay!)

[Verse 2: Rick Ross]

Don't be beggin' for your life 'cause that's a lost cause  
High stakes, body armor, suicide, boy (Ha, ha, ha)  
It's a time for games and it's a time to kill  
Make up your mind, baby, 'cause the time is here  
Capital murder, capital letters  
Yeah, she catchin' my vibe, but she can't fathom my cheddar (Woah)  
Need a couple gang members for these new endeavors  
From this point on anything we do we do together (Oooh)  
Body on the corner, million in the trunk  
Seven figures, I spend that every other month  
Killers on the corner, talons in the clip  
Build a palace out in Paris just to fill with bitches  
Say my name and I'm coming with the gun squad  
Everybody runnin', homie, there's only one God  
Cocaine white Ferrari, I'm in the fast lane

Every day was life and death, that's when the cash came  
Count money, drug residue, even blood on 'em  
He had a driver 'til I put my cuz on it  
Kickin' in the door, boy, Suicide Squad (Woah)  
Needle in my arm so I'm do or die for it

[Hook: Rick Ross]

Ain't no mercy, a-ain't no mercy  
Got that purple Lamborghini, purple Lamborghini lurkin'  
Ain't no mercy, a-ain't no mercy  
Got that purple Lamborghini lurkin', (Rozay!)

[Outro: Rick Ross & Skrillex]

(My name is Skrillex)  
(Maybach Music)  
Power  
Greed  
Devious  
Needs  
Highstakes  
(Cash money)  
Dope boy  
(Rap money)  
Renzel, real hip  
Forgive me for my wrongs, I have just begun  
(Rozay!)  
(Begun, begun)
