

Discipline

Throwdown

I found a better way to deny the lies I've been taught
I found a better way
And it can't be bought, no Discipline
(You can't stop this) Discipline
(You'll never stop this) Discipline I found a better way to face a life of pain
I found a better way and it's stronger than hate
I found a better way that redefines conviction
I found a better way
And it can never be stopped, son
(You can't stop this) Discipline
(You'll never stop this) Discipline
(To destroy all) Discipline
I built this will from steel for beyond the grave
And this heals what time can't heal
So hear these words I say.
This can't be stopped
This can never be stopped Discipline
(I found a better way)
