Weezer

Songwriters: Cuomo, Rivers;

If you want it
(Ooo)
You can have it
(Ooo)
But you gotta learn
To reach out there and grab it
(Ooo)

'Cause everybody wants some love
(Oh baby)
Shootin' from the stars above
(Oh baby)
And though my heart will break
There's more than I can take
I can never get enough

If you need it
(Ooo)
You should show it
(Ooo)
'Cause you might play
So monastic that you blow it
(Ooo)

'Cause everybody wants some hope
(Oh baby)
Somethin' they can barely know
(Oh baby)
And though my heart will break
There's more that I can take
I can never let it go

It's in the photograph
It's in the photograph
It's in the photograph of love

Ooo ooo ooo

'Cause everybody wants a dream
(Oh baby)
Somethin' they can barely see

(Oh baby)
And though my heart will break
There's more that I can take
I can never let it be

It's in the photograph
It's in the photograph
It's in the photograph of love

If you blew it
(Ooo)
Don't reject it
(Ooo)
Just sit drawin' up the plans
And re erect it
(Ooo)
Just sit drawin' up the plans
And re erect it
(Ooo)
Just sit drawin' up the plans
And re erect it
(Ooo)

{Ooo hoo hoo hoo hoo
Aey aey aey}
