

# Don't Be Shy

Shwayze

Come, come summertime  
Love, love hold my hand  
Come, come summertime  
Love, love take a ride with me Sweet little nectarine  
Sit down next to me  
Take a load off, Annie  
I think you're beautiful Do-ah-diddy-diddy-dum-diddy-do  
When the moon is full, I'll be a wolf  
Howl at you and growl at you  
Ladybugs and flowers, too  
I want to go out with you  
I'm just a kid, living a dream  
Slid in the scene like an old pair of jeans  
You know my name, but you don't know me  
Wanna go out with me? Show me. Come, come summertime  
Love, love, hold my hand  
Don-don-don-do-don-don-do-don-don  
Don't be shy  
Come, come summertime  
Love, love, take a ride with me  
Don-don-don-do-don-don-do-don-don  
Don't be shy Black smoke billow out the black tinted window  
In my black limousine as I ride through the ghetto  
She wore blush, it gave me a rush  
She was a lush, I gave her a touch on the tush  
I gave her a push on the bed  
And we smushed our lips together  
Like blue and yellow, we made a green meadow  
Chilled together forever, real mellow  
She fell in love, I had to act, hello  
I couldn't say goodbye, she was too special Come, come summertime  
Love, love hold my hand  
Don-don-don-do-don-don-do-don-don  
Don't be shy  
Come, come summertime  
Love, love take a ride with me  
Don-don-don-do-don-don-do-don-don  
Don't be shy All my ladies, put your hands in the sky for me babies  
And say my name, they call me Shwayze  
Turn it up, turn it up, Play me  
Turn it up, turn it up  
Turn it up, turn it up

Turn it up, turn it up Black smoke billow out the black tinted window  
In my black limousine as I ride through the ghetto  
(Turn it up, turn it up  
Turn it up, turn it up) Come, come summertime  
Love, love, hold my hand  
Don-don-don-do-don-don-don-don  
Don't be shy  
Come, come summertime  
Love, love, take a ride with me  
Don-don-don-do-don-don-don-don  
Don't be shy  
Don-don-don-do-don-don-don-don  
Don't be shy Come, come summertime  
Love, love, take a ride with me  
Don-don-don-do-don-don-don-don  
Don't be shy  
Don-don-don-do-don-don-don-don  
Don't be shy  
Come, come summertime  
Love, love, take a ride with me  
Don-don-don-do-don-don-don-don  
Don't be shy  
Don-don-don-do-don-don-don-don  
Don't be shy
