

On Chill (feat. Jeremih)

Wale

We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight Maybe I can give you chills too
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills too Chill I'm getting' mine like fine wine measured in time
Many other brothers loved you but this pleasure is mine
There's no pressure for us to say that I love you for now
So fuck that comfort shit I just want us be comfortable now
For real
Who you lovin' who you wanna pull up with
Who don't care who you datin long as you care who you trustin
Tryin' to hear all your problems so I can lighten the load
No you not fightin alone 'cause I'm protectin you from it
So chill
Life hard an ex lovers is like scars
'Cause it stop hurtin' but never forgettin' what is was
I was a youngin my biggest enemy was the club
Voicemails on third rings fuckin me up I want trust
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills too
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills too Based on your point of view I'm goin to stay the same
Yeah I pull up on you then put in with patience
I'm good where we got it without no expectations
What good is a title when shorty bend away, yeah
Let me illustrate ya
Let my tongue repaint ya
It's already waxed
Have you had a brain storm?
Everywhere a nigga take you
Just know that my face good
My have to fight your energy
So you're banking your skin glow
Max fill let if fly I'll be up in there a lot
Just to show you I don't care go where to tear that nigga off
We don't share our whereabouts so the guys in da hood look

It's supreme confidence if we good that's still enough
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills too
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills too
How about that love I'm tired of making up and
Fallin' off
Wanna be that nigga you callin' up
That pick your body up when you're down and out
Let's chill
How 'bout that I'm tired of makin' up and fallin' off
Wanna be that nigga you callin' up
That pick your body up when you're down and out
Let's chill
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills too
We've been on a tragedy for months
Why can't you agree with me for once
Maybe we can be on chill tonight
Maybe I can give you chills
Just be there
