

# Number One Blind

Veruca Salt

Be my blind.  
Be it all the time.  
Be it night or day,  
Take my sun away, away. Levolor, which of us is blind?  
Levolor, left me in the dark.  
Levolor, I can't see a thing but you,  
Is it morning? Blind me please,  
I am on my hands and knees.  
I can only pray  
Take my sun away, away.  
Levolor, which of us is blind?  
Levolor, left me in the dark.  
Levolor, I can't see a thing but you,  
Is it morning? It is time.  
It is time (oh-oh). Levolor, which of us is blind?  
Levolor, left me in the dark.  
Levolor, I can't see a thing but you,  
Is it morning?  
Levolor, which of us is blind?  
Levolor, left me in the dark.  
Levolor, I can't see a thing but you,  
Is it morning? Levolor, Levolor, Levolor, Levolor...
