

# Ihateit

## Underoath

[Verse 1]

I used to think I had it all  
Somehow I fell back into habits that tear me apart  
I never got to say I'm sorry  
But I can't sleep alone tonight

[Pre-Chorus: Aaron Gillespie]

If it's good for me and it's good for you  
If I die tonight then I'll make it up to you

[Chorus]

You're the only thing that gets me high  
And I hate it, and I hate it  
(Woah)  
You're the only thing that gets me high  
And I hate it, and I hate it

[Verse 2]

I'm tangled up in my own image  
But I hate who's staring back at me

[Pre-Chorus: Aaron Gillespie]

If it's the truth I seek  
It's the truth you'll serve  
If my soul is weak then I'll make it up to you

[Chorus]

You're the only thing that gets me high  
And I hate it, and I hate it (Woah)  
You're the only thing that gets me high  
And I hate it, and I hate it  
(Woah, Woah, Woah, Woah)  
Yeah!

[Bridge]

I'm just a user  
I'm just a user  
I'm just a user 'cause I used you up to my end  
If you could see me now  
I wear a beggar's crown

If I could turn back time  
I wouldn't change a fucking thing

[Breakdown]

God, erase me  
I don't deserve the life you give  
I don't deserve the life you give  
God, I can't change at all  
I don't deserve the life you give  
I don't deserve the life you give

[Chorus]

You're the only thing that gets me high and I hate it  
(And I hate it)  
And I hate it  
(And I hate it)  
(Woah)  
You're the only thing that gets me high and I hate it  
(And I hate it)  
And I hate it  
(And I hate it)
