

Ihateit

Underoath

[Verse 1]

I used to think I had it all
Somehow I fell back into habits that tear me apart
I never got to say I'm sorry
But I can't sleep alone tonight

[Pre-Chorus: Aaron Gillespie]

If it's good for me and it's good for you
If I die tonight then I'll make it up to you

[Chorus]

You're the only thing that gets me high
And I hate it, and I hate it
(Woah)
You're the only thing that gets me high
And I hate it, and I hate it

[Verse 2]

I'm tangled up in my own image
But I hate who's staring back at me

[Pre-Chorus: Aaron Gillespie]

If it's the truth I seek
It's the truth you'll serve
If my soul is weak then I'll make it up to you

[Chorus]

You're the only thing that gets me high
And I hate it, and I hate it (Woah)
You're the only thing that gets me high
And I hate it, and I hate it
(Woah, Woah, Woah, Woah)
Yeah!

[Bridge]

I'm just a user
I'm just a user
I'm just a user 'cause I used you up to my end
If you could see me now
I wear a beggar's crown

If I could turn back time
I wouldn't change a fucking thing

[Breakdown]

God, erase me
I don't deserve the life you give
I don't deserve the life you give
God, I can't change at all
I don't deserve the life you give
I don't deserve the life you give

[Chrous]

You're the only thing that gets me high and I hate it
(And I hate it)
And I hate it
(And I hate it)
(Woah)
You're the only thing that gets me high and I hate it
(And I hate it)
And I hate it
(And I hate it)
