

# LATELY

## Machine Gun Kelly

[Intro]

OMGRONNY[Chorus]

Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard[Verse 1]  
Life's been getting to me, I just started smoking squares (I'm stressed)  
But they ain't getting in my circle, we still prepared (forreal)  
I'm still dealing with some demons that ain't really there  
Grew up a screw up, pierced my ear and dyed my fucking hair  
In 7th, I didn't even have a bed, I had a chair (forreal)  
The fuck you think I go so hard for, I got out of there (I'm gone)  
Have you ever had somebody try to take your life? (huh?)  
Sometimes, I ain't safe from myself when I stay up at night

[Chorus]

Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard  
Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard[Verse 2]  
Look, I promised myself I ain't never going home (not at all)  
9 years old, my momma left me in the cold (god damn)  
Ayy, what do you think that typa shit do to your soul?  
Found someone that finally loved me, still I treat her like a hore (that shit is fucked up)  
Damn, it be the shit that don't know (they don't know)  
I only smile in public just for show  
I know they tried to warn me 'bout my ghost  
You know them kids be with the 'ye and now them kids be seeing ghosts

[Chorus]

Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard  
Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard[Bridge]  
Uh, ayy, yeah, them demons ain't the only ones that's up at night  
Huh, yeah, ayy

Uh, ayy, yeah, them demons ain't the only ones that's up at night  
[??] appears the mark of a human being  
My demons, god save us  
Them demons ain't the only ones that's up at night[Chorus]  
Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard  
Lately, I've been having crazy thoughts (yeah)  
The way I'm living, shit get crazy dark  
Tell me lately, why we petty talk (why)  
And you know I'm tryna change, but it's very hard
