

# Dive In

## Dave Matthews Band

I saw a man on the side of the road with a sign that read will work for food  
Try to look busy until the light turns green Now I saw a bear on T.V.  
And his friends were all drowning  
Because their homes were turning to water  
Strange kinda sad big old bear and  
I'm sure he would happily eat me  
He'd tear me to pieces out there Wake up you sleepyhead I think the sun's a little brighter today  
Smile and watch the icicles melt away and see the water rising  
Summer's here to stay and all those summer games will last forever  
Go down to the shore kick off your shoes  
Dive in the empty ocean  
Tell me everything will be ok  
If I just stay on my knees and keep praying  
Believing in something  
Tell me everything is all taken care of  
By those qualified to take care of it all Wake up you sleepyhead I think the sun's a little brighter  
today  
Smile and watch the icicles melt away and see the water rising  
Summer's here to stay and that sweet summer breeze will blow forever  
Go down to the shore kick off your shoes  
Dive in the empty ocean One day you think we'll wake up in a world on its way to getting better  
And if so can you tell me how I have been thinking that lately the blood is increasing  
The tourniquet's not keeping hold in spite of our twisting  
Though we would like to believe we are  
We are not in control  
Though we would love to believe  
Wake up you sleepyhead I think the sun's a little brighter today  
Smile and watch the icicles melt away and see the water's rising  
Summer's here to stay and those sweet summer girls will dance forever  
Go down to the shore kick off your shoes  
Dive in the empty ocean
