

# Angel (feat. Candace)

Tyrese

There's no better way to describe, what you do to me, I love you  
Oh, the summer can in the  
middle of the winter

And all my nightmares became a dream come true

Then suddenly my pool became an ocean

No sooner then I laid, my eyes on you

And I have never seen wings like that

Never seen a smile like that

I've seen the light but never ever bright as that

You blind me with love, am I going crazy?

But is this just a dream, cause

I just saw an angel, an angel on earth

Right before my very eyes

I just saw an angel, an angel on earth

And it was like a vision coming from the sky

I just saw an angel, an angel on earth

She held my hand and whispered to me, whoa

I just saw an angel, an angel on earth

Nothing compares to what you are  
A sad end became happy ever after

And a sad song turned into a summer joy

When the light is on to me, was going dim,

You showed her what the candle burn boy

And I have never seen wings like that

Never seen a smile like that

I've seen the light but never ever bright as that

You blind me with love, am I going crazy?

But is this just a dream, cause

I just saw an angel, an angel on earth

Standing right before my very eyes

I just saw an angel, an angel on earth

It was like a vision coming from the sky

I just saw an angel, an angel on earth

He held my hand and whispered to me, whoa

I just saw an angel, an angel on earth

Nothing compares to what you are  
And it feels so good that I found my angel next to me

That I just gotta tell somebody

About my new discovery

And how I'm touched by an angel, touched by an angel

Touched by an angel

Girl it feels like I'm

I'm touched by an angel, touched by an angel

Touched by an angel  
I just saw an angel, an angel on earth

Standing right before my very eyes

I just saw an angel, an angel on earth  
Like a beautiful vision coming from the sky  
I just saw an angel, an angel on earth  
He held my hand and whispered to me, whoa  
I just saw an angel, an angel on earth  
Nothing can compare to what you are  
I'm so glad that I've got my angel  
    , uh baby, yeah  
You my angel, and I know it cause you  
Set me free, hey.
