

# Still

## Foo Fighters

[Verse 1]

If you'd like to walk a while  
We could waste the day  
Follow me into the trees  
I will lead the way

Bring some change up to the bridge  
Bring some alcohol  
There we'll make a final wish  
Just before the fall

[Chorus]

Promise I will be forever yours  
Promise not to say another word  
Nevermind what's done is done  
Always was a lucky one

[Verse 2]

Watch the sunrise all alone  
Sitting on the tracks  
Hear the train come roaring in  
Never coming back

Laying quiet in the grass  
Everything is still  
River stones and broken bones  
Scattered on the hill

[Chorus]

Promise I will be forever yours  
Promise not to say another word  
Nevermind what's done is done  
Always was a lucky one

[Chorus]

Promise I will be forever yours  
Promise not to say another word  
Here forever deep beneath the dirt  
Nevermind what's done is done

Always was a lucky one
