

# What Makes You Country

Luke Bryan

[Verse 1]

People talkin' 'bout what is and what ain't country  
What gives 'em the right to wear a pair of beat-up boots?  
Is it the size of your tires and your fires, or your wild ass buddies?  
Well, give me a minute, let me hit you with some hometown truth

[Pre-Chorus]

You could be a cowboy on the Texas plain  
Or a plowboy waitin' on the rain  
We're all a little different, but we're all the same  
Everybody doin' their own thing

[Chorus 1]

I got my dirt road cred when I was twelve  
On a no cab tractor hauling them bales  
Backing in boats, fishing limb lines  
Running bird dogs through the Georgia pines  
Step side cover down in peanut dust  
Friday night spotlight, and that was us  
It might not have been you, but I can't judge  
Just be proud of what makes you country

[Verse 2]

Does it run in your blood?  
Did it come from your daddy and mama?  
Were you converted by an Alabama song on the radio?  
That feels so right  
Did you lock eyes with a little green-eyed girl from Jackson?  
Tell me what got ya, I just gotta know

[Chorus 2]

Me, I got my Sunday learning in a live oak church  
Silver Queen corn in a backyard dirt  
Waiting for the fall to finally come along  
So I can grab my gun and get my outside on  
Step side cover down in peanut dust  
Friday night spotlight, and that was us  
It might not have been you, but I can't judge  
Just be proud of what makes you country

[Brdge]

Might be from a city or a little farm town  
Whatever kind of square that you drove around  
Do you wear it on your sleeve or keep it deep down?  
You know you gotta let it out

[Chorus 1]

I got my dirt road cred back when I was twelve  
On a no cab tractor hauling them bales  
Backing in boats, fishing limb lines  
Running bird dogs through them Georgia pines  
Step side cover down in peanut dust  
Friday night spotlight, and that was us  
It might not have been you, but I ain't judging  
And just be proud of what makes you country  
Whatever makes you country

[Outro]

You do your kind of country  
They doing they kind of country  
I do my kind of country  
Whatever makes us country
