

# No Respect (feat. Kodak Black & Mr Flipper)

## Sniper Gang

That was...that was a couple years ago nigga  
I was about mothafuckin' nine  
This shit updated now  
This shit.. this shit updated  
This shit upgraded  
You don't even know like... what type of time  
Riding in pavement  
Graduated  
I ain't doing no more fading  
Riding in a decoy  
Laying on em put em in a vacant  
(yeah, yeah) Fuck that smith and wesson  
Now i got a tech  
90's baby we ain't got no damn respect  
SG put the nolia on the map  
Yeah we put the nolia on the map  
I ain't tryna draw no attention, so dont run up on me tryna rap  
Dont run up on me tryna scrap  
Dont run up on me i got the strap  
In my studio i got plaques  
I dont wanna put you on yo back  
Everybody love lil yah, drank a whole fifth like saks  
She just wanna drink a lil yak  
Fuck it then i bring her on back  
Imma fight first then grab the gat  
I would never fight over in that  
Stay down like below of the map  
All my niggas foul like over the back  
Hate make my heat go rat-tat-a-tat  
Ain't no cheese for a raa-aa-aat  
Hate to see my automatic cause it go tat-tat  
Fully auto drum making beats with the black mack  
Nigga you a duck, Aflac  
Got ya boo sending nudes on snapchat  
Nope that ain't my troop thats family  
Everybody with me knew me since elementary  
Riding in pavement  
Graduated  
I ain't doing no more fading  
Riding in a decoy  
Laying on em put em in a vacant  
(yeah, yeah) Fuck that smith and wesson

Now i got a tech  
90's baby we ain't got no damn respect  
SG put the nolia on the map  
Yeah we put the nolia on the map  
I ain't tryna draw no attention, so dont run up on me tryna rap  
Dont run up on me tryna scrap  
Dont run up on me i got the strap  
In my studio i got plaques  
I dont wanna put you on yo back
