

# I'll Never Forget

K'Jon

I fell in love with you the first time I saw you  
I'm so proud of you; I don't know what to do  
Baby, I swear I wanted to Tell you how I feel, baby I'm for real  
You got me under a spell  
Everything has changed  
Loving you is plain  
It's nothing I've ever felt Could it be I'm helplessly?  
So much in love, it's killing me  
I love you even more each day  
With you it's where I'll always wanna be  
Whenever we touch, whenever we kiss, I'm falling in love all over again  
I still remember when I first touched your lips  
It's like a feeling I'll never forget  
[Repeat] And you are the sun, and the moon, and the stars, and the earth,  
You're my girl, baby you're my world  
And you are the air I breathe, making my heart beat  
Baby, can't you see  
That I really care for, I'll be there for you  
Like the first time I touched your lips, only took one kiss  
That's when I knew you would be mine (leader) Whenever we touch, whenever we kiss, I'm  
falling in love all over again  
I still remember when I first touched your lips  
It's like a feeling I'll never forget  
[Repeat] With you is where I always want to be  
Whenever we touch, whenever we kiss, I'm falling in love all over again  
I still remember when I first touched your lips  
It's like a feeling I'll never forget  
[Repeat]
