

Sleep!

Lea Rue

[Verse 1]

Go and tell, go and tell, go and tell them they're out

Oh, oh, sleep is for the weak now

Pull the blinds, kill the lights, over my eyes

Oh, oh, sleep is for the weak now

[Pre-Chorus 1]

In my reign

In my darkest hour

Dream away tonight

I still feel you in my bed

[Chorus]

Sleep

Won't you come all over me

Sleep

Won't you come all over me

[Verse 2]

In my throws in my clothes, so when I'm down

Sleep, will never come now

Lighter young from the dawn, here in my sight

Sleep, will never come now

[Pre-Chorus 2]

In my reign

When the night goes quiet

In the empty hour

I still feel you in my bed

[Chorus]

Sleep

Won't you come all over me

Sleep

Won't you come all over me

Sleep

Won't you come all over me

Sleep

Won't you come
