

# Come To Brazil

## Why Don't We

We was up late 'til the daytime  
She was movin' to the bassline  
Big butt, but little waistline Can't fit it all on the FaceTime (Brrp-brrp)  
She said, "You don't even know me"  
If it's real love, better show me (Hey!)  
'Cause she don't plan on slowing down The party was boring and then without warning  
Saw something foreign walk through the door  
And I can't ignore it, I need some more, yeah  
I just might come to Brazil Met her late night, last night at a party in the Hills  
She told me how she liked my vibe and I said, "That's real"  
Said she goin' home in the morning  
I said, "Well, you're so fine, I might come to Brazil"  
We on the way to airport  
She 'boutta put a stamp on my passport  
One-way ticket and come on  
Oh, ooh The party was boring and then without warning (ooh)  
Saw something foreign walk through the door (ooh)  
And I can't ignore it, I need some more, yeah  
I just might come to Brazil  
I might come to Brazil, yeah Met her late night, last night at a party in the Hills  
She told me how she liked my vibe  
and I said, "That's real" (that's real)  
Said she goin' home in the morning

Yeah  
I could catch a flight, red-eye  
Girl, it's no big deal (It's no big deal)  
And I ain't tryna flex too much, that's just how I feel (Mmm)
