

Wettin Dey Sup

Burna Boy

Fu-fu-fu...

Funkula

I no be one of those men wey dey fear toto fuck nyash

Check am, na kpa goro kpa

Me I know say everybody got to die on day buried six feet under golo ta

Aje, why we no go jaiye o, wetin dey sup

Tell my brother jeun soke o, everything is okay o, wetin dey sup

To ba je, ikan to ba fe je it's allowed o nothing dey sup

Abajo, to ni ki ma so mo, nothing dey sup

Cause I no fit depend on talk

Dem go disrespect on top

Then I show dem wetin dey sup

Dey my own, na me know wetin dey come

You're waiting in vain, I'm overtaking again

Start to dey dance

Put your cap to the back

If you know say na kpa goro kpa

Cause I came with the gang

Dem know say we bad to the max

We no come here to come gallivant

I dey tell paddyman cause I wise like el taliman

If you no think am well e go hang

Dem go want carry chance wey you give dem spoil your dance

As for me that one no be my plans

Wetin dey sup, wetin dey play, I no pay attention of course

Wetin you hear, wetin dem talk, I'm watching my back and facing my front

Truth dey bitter, needing no salt

Cause e no be rice and beans and ponmo

Me and my people don dey consult, make we dey understand wetin dey sup

Aje, why we no go jaiye o, wetin dey sup

Tell my brother jeun soke o, everything is okay o, wetin dey sup

To ba je, ikan to ba fe je it's allowed o nothing dey sup

Abajo, toni ki ma so mo, nothing dey sup

Pick dem one by one

Make me burst my gun

Poisonous like a long python

Gunfiring, 911 dialing

Never liked the sound of dem sirens

They only respect the money and the violence

So I get to show dem wetin dey sup

I no be one of those men wey dey fear toto fuck nyash

Check am, na kpa goro kpa

Me I know say everybody got to die on day buried six feet under golo ta

Make nobody tell my people make we try golo ta

But if no be sake of one or two things you sef know say down you go down

Wetin dey sup, wetin dey play, I no pay attention of course

Wetin you hear, wetin dem talk, I'm watching my back and facing my front

Truth dey bitter, needing no salt

Cause e no be rice and beans and ponmo

Me and my people don dey consult, make we dey understand wetin dey sup

Aje, why we no go jaiye o, wetin dey sup

Tell my brother jeun soke o, everything is okay o, wetin dey sup

To ba je, ikan to ba fe je it's allowed o nothing dey sup

Abajo, to ni ki ma so mo, nothing dey sup

Cause I no fit depend on talk

Dem go disrespect on top

Then I show dem wetin dey sup

Dey my own, na me know wetin dey come

You're waiting in vain, I'm overtaking again

The way the act is the way you know

That's the impact

The beautiful impact that we have on the people

There's a lot of music that's out right now but the shit ain't at- it ain't life
