

# 100 Dollars

## Manchester Orchestra

Several women's magazines  
Stacked up on top of a picture of me  
When I tried to call no one answered It's not even that I'm all angry  
Just want to know why you would do this thing  
You said there's an understanding And I offered you a small dog in the kitchen  
Just wanted you to feel at home And that's why I am fine, I am fine, I am fine, I am fine  
I just need one hundred dollars  
I am fine, I am fine, I am fine, I am fine  
I just need one hundred dollars  
From you and you and you and you and you
