

# Unbelievable

Craig David

Always said I would know where to find love  
Always thought I'd be ready and strong enough  
But some times I just felt I could give up.  
But you came and you changed my whole world now  
I'm somewhere I've never been before  
Now I see, what love means  
It's so unbelievable  
And I don't want to let it go  
Something so beautiful  
Flowing down like a waterfall  
I feel like you've always been  
Forever a part of me  
And it's so unbelievable to finally be in love  
Somewhere I'd never thought I'd be  
In my heart, in my head, it's so clear now  
Hold my hand you've got nothing to fear now  
I was lost and you've rescued me somehow  
I'm alive, I'm in love you complete me  
And I've never been here before  
Now I see, what love means  
It's so unbelievable  
And I don't want to let it go  
Something so beautiful  
Flowing down like a waterfall  
I feel like you've always been  
Forever a part of me  
And it's so unbelievable to finally be in love  
Somewhere I'd never thought I'd be  
When I think of what I have  
and this chance I nearly lost  
I can't help but break down  
and cry  
Oh yeah, break down and cry  
It's so unbelievable  
And I don't want to let it go  
Something so beautiful  
Flowing down like a waterfall  
I feel like you've always been  
Forever a part of me  
And it's so unbelievable to finally be in love  
Somewhere I'd never thought I'd be

Now I see, what love means
