

# Holiday (feat. Snoop Dogg, John Legend & Takeoff)

Calvin Harris

Look, open your eyes, déjà vu  
In ways I knew my focus remains on you  
I'm so true, I love that, 'cause who woulda knew?  
LBC, me do, what it do  
Question: is your bath water ready for ya?  
'Cause I could be the man for ya  
Baby, are your bills paid?  
Were those dinner reservations made?  
The whistles, the bells  
How 'bout your hair?  
What about your nails?  
See I can have it done for ya  
Looks like I'm the one for ya  
I'll crack the whip and get a little action in here, my dear  
But first, relax a bit  
The questions and answers are clear  
A holiday  
What you wanna do?  
Want to do with you  
Let's make everyday a holiday  
What you wanna do?  
Want to do with you  
Takeoff  
Smile at you (smile)  
I got my eyes on you (eyes)  
I wanna climb on you  
Can I ride with you? (can I?)  
Touch the sky with you? (phew)  
Ahuh-huh-huh-huh  
Say the place and we go where you wanna go (where?)  
She say Rodeo, I say I'm thinking 'bout Tokyo (Tokyo)  
With the top gone, wan' turn up the stereo (stereo)  
Singing every word of my song that's on radio (aye)  
I'ma roll one, I know that you don't smoke (I know)  
Sit back, let your mind float  
Never give up hope  
And if ya got a problem, let me know (let me know)  
I try my best to keep you close  
The life we in, no boss to match 'em on the ropes (ooh)  
If I'm top ten, well, when I gotta be the GOAT (GOAT)  
I feel like when I step in (what?)

Gotta make an announcement  
But y'all know  
A holiday  
What you wanna do?  
Want to do with you  
Let's make everyday a holiday  
What you wanna do?  
Want to do with you  
Let's make everyday a holiday  
What you wanna do?  
Want to do with you  
Let's make everyday a holiday  
Want to do with you  
(Don't you wanna) Let's make everyday a holiday  
I wanna make everyday  
Make it a day
