

Outside Today

YoungBoy Never Broke Again

[Intro]

I ain't going outside today
I ain't going outside today
You pour me up
DMac, that nigga be too bangin'

[Chorus]

Tryna hide from the camera, I ain't goin' outside today
Couldn't find Hi-Tec, so I'm drinkin' on Act' today
I'ma pull up in style, we gon' do a drive by in the Wraith
I'ma take it to trial, pray to Lord I beat the case

[Verse 1]

That money be callin'
I don't do no talkin', so get the fuck outta my face
Gotta TEC and a chopper
With a hundred thousand dollars up in the Wraith
You know I ain't slippin', you know that I'm with it
I'll shoot him right up in his face
Three say that I'm trippin', you know that I'm drippin'
I'm wrapped in Saran today
I just bought a brand new watch from God, I ain't put it on yet
I don't care 'bout no bitch, I ain't giving her shit
Spend it all on my homies
I go put on my son, from my car to my house
Everything, I own it
When it come to that money you know I ain't stuntin'
I be on it
I just got a pet monkey, cashed out on a tiger
But really don't want it, my son don't like him
He say that we beefin', you know I won't fight him
My clip full of thunder, you know I'll strike 'em
Wanna join NBA, go and catch you a body
Free Kevin Gates, it's a murder for hire
Double G gang on the front of my title
Got rid of my Glock and I bought me a rifle

[Chorus]

Tryna hide from the camera, I ain't goin' outside today
Couldn't find Hi-Tec, so I'm drinkin' on Act' today

I'ma pull up in style, we gon' do a drive by in the Wraith
I'ma take it to trial, pray to Lord I beat the case

[Verse 2]

I jump out at your house, I ain't shootin' from the corner
Ben bought me a bitch but I really don't want her
I don't do no cappin', I keep it one hunnid
Right now I'm recordin' with ten thousand on me
He say he want smoke but I know he don't want it
Shoot him and his bitch and I up on his homie
You know how I'm feelin', I don't got to say it
Face every problem all by my lonely

[Chorus]

Tryna hide from the camera, I ain't goin' outside today
Couldn't find Hi-Tec, so I'm drinkin' on Act' today
I'ma pull up in style, we gon' do a drive by in the Wraith
I'ma take it to trial, pray to Lord I beat the case, yeah
