

Now

Logic

Fuckin with me now, fuckin with me now
Goddamnit now they, damn it now they
Fuckin with me now, fuckin with me now
Wasn't bout it back then, all a sudden now they
Fuckin with me now, fuckin with me now
I must've got it cause they wanna seem like everybody
Fuckin with me now, fuckin with me now
Break it down for these motherfuckers thinking that they Fuckin with me now, but they never
was

Tell me where was y'all back on the come up way before the buzz?
Chillin with my homies in the basement like it really was
Fuckin with me now, top down, just the four of us
Rattpack to the fullest, the people want more of us
Man, now we've finally got connected
Did it all without a plug and so they fucking with me now
Yeah we've got it now, yes I've got it now
So I gotta keep it real right now
Tell me how you feelin', bitches grillin', we making a killin'
The villain chillin', I'm livin' the life I've got the feelin'
For the realest on the rise, shootin for the sky
VMG fuck all them other guys, been advised to give up
We live up to the bar set, bobbysoxer doin 120 in a Corvette
Blowin' up like a war vet, goddamn, everybody wonder who I am
Cause I came out the cut like a stitch in your hand
And, my music flowing through your city like drug money
Made a mill off rap, fuck drug money
And now you hit me like I got you whatever you need
But deep down, hope a motherfucker bleed, yeah they
Fuckin with me now, fuckin with me now
Goddamnit now they, damn it now they
Fuckin with me now, fuckin with me now
Wasn't bout it back then, all a sudden now they
Fuckin with me now, fuckin with me now
I must've got it cause they wanna seem like everybody
Fuckin with me now, fuckin with me now
Break it down for these motherfuckers thinking that they Fuckin with me now
Break it down come off of the crown
Nowhere to be found on the come up now they come around
Talk about they hold me down, yeah?
Acting like they know me, now they know me now, yeah?
Where you been?, you gon' be there when I need a friend?
Say I've got em when I hit rock bottom and get up again

Sippin gin, now would you pick up the pen if I was locked up in the pen?
Tell me can you reminisce on way back when it did begin?
When I look at you, I do not see a friend
When I look at you look at me I can tell you only see some type of end
Fuckin with me now, actin' like we kin
But you don't know where I've been
Goddamn, bring it back again yeah
Back again yeah, bring it back again yeah
Back again yeah, back again yeah
Bring it back again yeah
Talkin bout they
Fuckin with me now, fuckin with me now
Goddamn it now they, damn it now they
Fuckin with me now, fuckin with me now
Wasn't bout it back then, all a sudden now they
Fuckin with me now, fuckin with me now
I must've got it cause they wanna seem like everybody
Fuckin with me now, fuckin with me now
Break it down for these motherfuckers thinking that they
