

# Blackbear Was Right About U

Seth Bishop

I was so gone  
I was out looking for you, looking all night  
I was so wrong, to think that you loved me girl  
That was a lie  
Saying so long, know how many times that we tried and tried  
Love was a song, we just never seemed to harmonize

You just never call me like you used to  
Hug me like you used to  
Fuck me like you used to  
You just never love me like you used to  
Hold me like you used to  
Trust me like you used to

I guess all you said was all just a lie  
Gave you my days to my sleepless nights  
Gave you all my heart and my soul  
Really did give you all control  
Cause girl blackbear was right about you  
Can't live without you, or cry about you, or die without you

You pushed me down you let me fall  
Every broken word spoken  
Had it all

But don't you say you love me  
Don't you say you swear  
Lately I feel like I'm dying girl  
But you don't even care  
When I called you all night crying  
You were never there  
You were never there

So say you love me  
Now say you need me or left me be  
You were always above me  
Remember all those night we used to stay out  
Know you were my way out  
Shit's just not the same now

But I guess all you said was all just a lie  
Changing my ways I don't know what's right  
I guess if you say the truth on list  
All that list has to someday die  
Cause girl blackbear was right about you  
Can't live without you, or cry about you, or die without you

You pushed me down you let me fall  
Every broken word spoken  
Had it all

But don't you say you love me  
Don't you say you swear  
Lately I feel like I'm dying girl  
But you don't even care  
When I called you all night crying  
You were never there  
You were never there

Yeah don't say that you need me  
Cause girl I'm about to break  
Don't you tell me that you love me girl  
I know that shit is fake  
When I called you all night crying  
You were never there  
But you were never there
