

# How Could I Let You Get Away

## The Spinners

Like howdy doo  
your tin soldiers, your clowns too  
they're all laughing at you  
i'm laughing at you too  
Like basketball  
5 fouls and that was all  
the games you really knew, yeah  
why couldn't i beat you  
In the middle of the room  
got no time to count my sheep today  
how could i let you get away  
when i knew i'd need somebody soon (hoo... hoo...)  
how could i let you get away  
when i knew i'd need somebody soon  
Like mother goose  
winds you up then turns you loose  
block 10 was beatin' 2  
and i can't tell green from blue, no, no  
Like cat and mouse  
games of chase instead of house  
i get so mad at you  
like parents often do  
In the middle of the room  
got no time to count my sheep today (baby)  
how could i let you get away  
when i knew i'd need somebody soon (hoo... hoo...)  
how could i let you get away (baby)  
when i knew i'd need somebody soon  
Ooh... baby  
how could i let you get away, baby  
when i knew i'd need somebody soon, yeah  
hey, baby  
i didn't count my sheep, i let my woman weep, baby  
i knew down inside i'd need somebody soon  
like mother goose i done let you loose  
and need you, baby, yeah  
ooh-wee, i need somebody soon  
help me now, keep my feet on the ground  
my baby
