

Weight of the World

[Chantal Kreviazuk](#)

I used to carry the weight of the world
And now all I wanna do is spread my wings and fly I don't know why I was so afraid
All the time
Memories seemed to bother me
My whole life I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly I don't know why I was so ashamed
Such a waste of time
And, and I don't know what we're trying to be
All those lies
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly Oh and there's always something
Or somebody right behind
Well we're not meant to be everything
We're just a piece
So spread your wings
Oh I don't know why I was so afraid
All the time I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
High into the sky I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
I used to carry the weight of the world
And now all I wanna do is spread my wings and fly
