Hi-Lo

Evanescence

I don't know your heart I don't know where to begin But I could feel you erasing the rivers I'm drawn in The more I stood still The faster you were running You don't know how it feels crawling under your skin So far, so far away Don't you know we could beHigh or low You never fell beneath me And I gave up on you But I never forgot you I can't be your friend Hold your hand while you bleed There's nothing left to give you Nothing more I need Time to let it sleep Oh, the damage was real But nothing cut me so deep I could not heal Don't you know we could be High or low You never fell beneath me And I gave up on you But I never forgot you High or low You never fell beneath me And I gave up on you But I never forgot
