

# Right Now

## Sammy Hagar & The Circle

Because right now, everybody should be happy like a mother  
And right now, we just throwin' a party, that's all  
And right now, the Waborita's are kickin' ass in Charlotte, North Carolina  
And we got Mikey on the bass Yeah, uh Don't wanna wait till tomorrow  
So why put it off another day?  
One by one, little problems  
Build up, and stand in our way One step ahead, one step behind it  
Now ya gotta run to get even  
Make future plans or dream about yesterday  
Come on turn, turn this thing around  
(Right now) It's your tomorrow  
(Right now) Come on, it's everything  
(Right now) Catch your magic moment  
Let's do it right here and now  
It means everything Miss a beat, you lose the rhythm  
Nothin' falls into place  
Only missed by a fraction  
Slipped a little off your pace The more things you get, the more you want  
Trading one for the other  
Workin' so hard to make it easy  
Whoa, got to turn, turn this thing around (Right now) It's your tomorrow, baby  
(Right now) Come on, it's everything  
(Right now) Catch your magic moment  
Let's do it right here and now  
Because tonight means everything  
It's alive in me  
Right now  
What are ya waitin' for?  
Oh, turn this thing around now  
Vic Johnson, right now (Right now) Yeah, it's your tomorrow  
(Right now) Come on, it's everything  
(Right now) Catch your magic moment  
Do it right here and now (right now) Right now is what's happening  
Right here and now  
Right now, right now baby  
What are ya waitin' for  
Tomorrow is too far away  
Yesterday, yesterday is dead and gone  
Got to do it right now  
Right now
