

Tip It Back

Florida Georgia Line

When you got a rocking chair
On your front porch, tip it back
When you got a Georgia Bulldog
Ball cap, tip it back
When you're parked back off a dirt road
In your girlfriend's Cadillac
Find that button on the front seat
And tip it back, aw yeah
Yeah, if you had a long day or a long week
Grab a long-neck if you're with me
Come on now, holler "Hell yeah"
'Cause tonight we're here to party
And don't worry about anything
Except what's in your glass
Whether it's a cold beer, tequila
Or a double shot of Jack
Yeah, all you need to do tonight is tip it back
Tell 'em 'bout it, PK
When that bar keep brings you
change
Just tip it back
When you're two stepping
With your baby, man, tip her back
When you don't get paid for next week
But you need some drinking cash
Find that coffee can stash and
Tip it back, come on, baby
If you had a long day or a long week
Grab a long-neck if you're with me
Come on now, holler "Hell yeah"
'Cause tonight we're here to party
And don't worry about anything
Except what's in your glass
Whether it's a cold beer, tequila
Or a double shot of Jack
Yeah, all you need to do tonight is tip it back
Put that bottle to your lip
Take a sip, man, tip it back
Tie a cherry stem knot
With your tongue, girl, tip it back
If you like a pineapple
Coconut rum, baby, tip it back
If you got a home grown
Moonshine flask y'all, tip it back
Come on
If you had a long day or a long week
Grab a long-neck if you're with me
Come on now, holler "Hell yeah"
'Cause tonight we're here to party
And don't worry about anything
Except what's in your glass
Whether it's a cold beer, tequila

Or a double shot of Jack
Yeah, all you need to do tonight is tip it back
Yeah tip it back, yeah tip it back
Alright
