

That's Enough (Single)

Ray Charles

Baby, if you want me to love you
Here's what you gotta do
You got to love me
(That's enough)
You got to hug me
(That's enough) You got to kiss me
(that's enough)
You got to miss me
(that's enough)
You got to hold, hold me in your arms
And that's enough, well
Oh, that's enoughh yeah
Baby if you want me for your man
Here's what you gotta understand
You got to squeeze me
(that's enough)
You got to please me
(that's enough)
Everyday
(that's enough)
Whoah, all the way
(that's enough) You got to hold, hold me in your arms and that's enough
Come on now
And that's enough, yeah Baby if you want to stay on my mind now
You got to love your daddy all the time
I want my baby
(that's enough)
I don't mean maybe
(that's enough)
I want my baby
(that's enough)
Come on and drive me crazy
(that's enough)
Just hold me in your arms and that's enough, well
And that's enough, yeah
