

# One More Time

## Sister Sledge

Say it one more time  
Kiss me, say it one more time  
Say it, say it one more time  
Kiss me, say it one more time

You keep saying that you want to love me  
And I know you know that I know it's true  
Surely it can't be so hard to tell me  
Baby, you love me and I love you

Say it one more time  
Kiss me, say it one more time  
Say it, say it one more time  
Kiss me, say it one more time

You know a girl needs to hear it  
If all the things you say are true  
Why can't you tell me if you feel it  
I shouldn't always have to  
Be the one to tell you

Say it one more time  
Kiss me, say it one more time  
Say it, say it one more time  
Kiss me, say it one more time

Say it one more time  
Kiss me, say it one more time  
Say it, say it one more time  
Kiss me, say it one more time

Say it one more time  
Kiss me, say it one more time  
Say it, say it one more time  
Kiss me, say it one more time

Say it one more time  
Kiss me, say it one more time  
Say it, say it one more time

Kiss me, say it one more time
