## Kodak Black

[Intro: Kodak Black]

Be what you wanna be  
This love right right here stings  
She yellow like Bumble Bee  
Yah Yah [Chorus: Kodak Black]  
Hope you fuckin' wit' me, girl I fuck with you  
With me in one of these cities, but do what you wanna do  
But be what you wanna be, you make my summer breeze  
This love right right here stings, she yellow like Bumble Bee  
Hope you fuckin' wit' me, girl I fuck with you  
With me in one of these cities, but do what you wanna do  
But be what you wanna be, you make my summer breeze  
This love right right here stings, she yellow like Bumble Bee

[Verse 1: Kodak Black]

I think I might wife that girl, I might buy her a ring  
I'm talkin' 'bout all white fur, that's somethin' up my sleeve  
I don't wanna watch you leave me, I don't wanna see you go  
I'd rather them poke my eyes out than to see you go  
I don't wanna watch you leave, bae I wanna plant a seed  
Baby I sold you weed, baby we could grow a tree  
I ain't ever chase no bitch, but, baby, I'ma chase my dreams  
'Cause everytime I go to sleep, I see you in my dreams  
I'll even let you use me, baby if you wanna use me  
I don't care what you doin', I'ma support your movement  
They call me stupid, so? Know what I'm doin' though  
Don't care that she a hoe, wanna be with this hoe

[Chorus: Kodak Black]

Hope you fuckin' wit' me, girl I fuck with you  
With me in one of these cities, but do what you wanna do  
But be what you wanna be, you make my summer breeze  
This love right right here stings, she yellow like Bumble Bee  
Hope you fuckin' wit' me, girl I fuck with you  
With me in one of these cities, but do what you wanna do  
But be what you wanna be, you make my summer breeze  
This love right right here stings, she yellow like Bumble Bee [Verse 2: Tory Lanez]

Young Tory

I can make you feel something, shorty, make you feel somethin'  
You can pull up on a nigga when you wanna feel somethin'  
You can pull up on a nigga just to keep it real or somethin'  
Chill or somethin', spend time with a nigga and you keep it trill or somethin', yeah  
Shawty there make my head change, I'ma put her in a red Range  
She was there when the feds came, fuck her and I made her head swing

Pull up on her in a new Vs, with the 2-3s and my Gucci  
Beat the pussy right up out the bed frame  
That shit is good, that shit is mine, yeah  
That was your broad, that was your tape, but you a facade, yeah  
Switch it up and let it fall, yeah, I never stall, yeah  
She hella pretty with the blonde hair, I'm tryna get it for the long year[Chorus: Kodak Black]  
Hope you fuckin' wit' me, girl I fuck with you  
With me in one of these cities, but do what you wanna do  
But be what you wanna be, you make my summer breeze  
This love right right here stings, she yellow like Bumble Bee  
Hope you fuckin' wit' me, girl I fuck with you  
With me in one of these cities, but do what you wanna do  
But be what you wanna be, you make my summer breeze  
This love right right here stings, she yellow like Bumble Bee
