Pass the chalice, we all light up the bong

[Verse 1: Jadakiss & N.O.R.E.]

If you having a weed convo, you better mention me

See me comin' out of the spot, or the dispensary

Me not being high, just doesn't make no sense to me

So me and my man chain-smoking with intensity

Uh, the censored me, never had sense in me

They said I should'a been dead or in the penitentiary

Before 21, now I'm 'bout to hit 40 then 41

I hope shorty done

Rollin' one and lightin' it, ain't no fighting it

A bunch of different strains on the table, all type of shit

Gucci clear glass frame, chillin' on the coach

Even rock the presidential, smokin' in the house

Robe is Versace, the slippers is Buscemi

If I told you what I spent on weed, you won't believe me (won't believe me)

Chanel scarfs and Chanel socks

C-N-N burn it down with The LOX

[Chorus: Wyclef Jean]

You don't have to, you don't have to be a part of the wave when you provide the water,  
goddamn  
Woo  
That's what I am  
That was liquid, that was liquid  
That's what I am, I'm the water I don't gotta follow the wave, I provide the water, ya know what  
I'm saying  
That was, that was pretty good  
And I wanted to, I wanted to break that barrier because I'm a hustler of all sorts  
Yes  
I've hustled, I've sold water to whales  
Yes  
I've sold donuts, ya know to people who sell platniums
