H.E.R.

The things that I would do to you with just a couple seconds
I would color every moment, make you feel like it's forever
I'm comin' over, so you can start undressin'
I'm givin' you a chance to finally make a good impression
On me, yeah
On me, I'll make you feel like it's foreverBecause it's clear I'm getting bigger
I know you visualize my figure
I was the one that made you look
At your old girl and reconsider
You see me in that black dress
On the first date
And I'm causin' frustration on your mind
Only in the best waysSecretly I'm anxious, 'cause the thirst is never unmutual
It's unusual
That someone like you thinks I'm beautiful
It's beautiful, yeah
What we have is beautiful
Remember when you said...
The things that I would do to you with just a couple seconds
I would color every moment, make you feel like...
