

# Cream

## Berner

[Intro: Berner]

Yeah

Yeah

And they're saying that I'm evil

I just wanna let the cream go

Yeah

[Hook: Berner]

I just wanna let the cream go

And they're saying that I'm evil

I just wanna let the cream go

I just wanna let teh cream go

And they're saying that I'm evil

[Verse 1: Berner]

I showed 'em how to rock

Turn soft to a rock

I pulled up in a drop

Two-thousand in my sock

Gold watch, stones all around my clock

Paranoid, feds keep comin' all around my spots

I told her I'mma pop, baby girl, I'mma star

Two more drinks, I'mma need another bar

Three more freaks, I'mma need another car

We slide in free, yeah, they know who we are

All in the club, highsidin' on these hoes

Hit me when you land, I'mma find 'em for the low

I always get love when I fly from my shows

I'mma find some new girls everytime I'm on the road

I love sellin' dope, ain't no way I'mma change

Pull up in the race screamin' money ain't a thang

Rich girls love me, broke girls - they complain

I'm the man where I'm from, baby girl, I'm just sayin'

[Hook: Berner]

I just wanna let the cream go

And they're saying that I'm evil

I just wanna let the cream go

I just wanna let teh cream go

And they're saying that I'm evil

[Verse 2: Berner]

I just wanna sell coke

I just wanna smell soap

Put wings on the pack, let the envelope float

Got a crib on the water, all I need is a boat

Plenty weed, twenty-three, I'm a king of the score

I just wanna sell blow, quick money is the best

These slugs'll leave bullet holes all in your vest

I told 'em I'mma vet, for my city I'mma rep

More gold on my arms, treat my bitch like a pet

I'm all through the Bay, highsidin' on lanes

Gold sheet bites on, VVS chains

Drive drunk, I'm in all three lanes

Money, weed, girls, three thangs, blow rings

Trust me, they listenin', these dudes know things

All on my phone talkin' 'bout cocaine

We burn hot phones, I don't say no names

Feel the gun in your throat just like the coke drain

Bern

[Hook: Berner]

I just wanna let the cream go

And they're saying that I'm evil

I just wanna let the cream go

I just wanna let teh cream go

And they're saying that I'm evil
