

Look What You Made Me Do (Tangled Style)

Whitney Avalon

Look what you made me do, Rapunzel!
I don't like your rebel streak
Don't like the way you speak
You thought that I was weak
Like a fool, but it's just not true
I don't like your sneaky friend
How you both play pretend
You know that's at an end
Him and you? That will not come true, no!

'Cause I am smarter, I can start a plan then double cross
Honey, with you I'll never die, it's truly awesomesauce
He's just a lying rogue you'll soon forget and that's no loss
You're such a dunce, I won't tell you twice
(she kicks Flynn, who groans "ow!")
Ooh, look what you made me do
Look what you made me do
Look what you just made me do
Look what you just made me
Awww, look what you made me do
Look what you made me do
Look what you just made me do
Look what you just made me--

I don't like when you roam free
You still belong to me
We'll agree to disagree
Locked you up and I've got the key, ha!

I get so tired of the way you cause such drama, drama
This wouldn't happen if you'd listen to your gorgeous mama
The gag and chains are 'cause you're being a pest
You think you're sharp, but sweetie I know best!

Yes, I am smarter, I can start a plan then triple cross
Honey, with you I'll never die, it's truly awesomesauce
He's just a lying rogue you'll soon forget and that's no loss
You're such a dunce, I had to tell you twice
(she stomps on Flynn, who groans "oh!")

Ooh, look what you made me do
Look what you made me do
Look... look at it... ew

I don't trust nobody so you better beware
The only part of you I love is your hair
I don't trust nobody so you better beware
The only part of you I love is your hair
Your hair, your hair
I'm sorry, this old thief can't talk to you right now
Why?
Oh, he's almost dead!

Ooh, look what you made me do
Look what you made me do
Look what you just made me do
Look what you made me do
Oh, Rapunzel, look what you just made me do
