

Heart Like A Truck

Lainey Wilson

I never stay in one place too long
A dirt road's singing me a siren song
I gotta find a field
I need to spin my wheels
I got a hankering for four wide tires
And I can't help it it's the way I'm wired
'Fore you get too close
Boy you need to know
I got a heart like a truck
It's been drug through the mud
Runs on dreams and gasoline
And that ole highway holds the key
It's got a lead foot down when it's leaving
Lord knows it's taken a hell of a beating
A little bit of love is all that it's needing
But it's good as it is tough
I got a heart like a truck
There ain't no breaking when I throw it in drive
Don't always keep it in between the lines
If you're ready for a ride pedal down state of mind
Boy I tell you what
You better buckle up
I got a heart like a truck
It's been drug through the mud
Runs on dreams and gasoline
And that ole highway holds the key
It's got a lead foot down when it's leaving
Lord knows it's taken a hell of a beating
A little bit of love is all that it's needing
But it's good as it is tough
I got a heart like a truck
Go on and see if you can knock off the dust yea
Shine it up revv it up and let it run yea
It gets a high riding off into the sun yea
I got a heart like a truck
It's been drug through the mud
Runs on dreams and gasoline
And that ole highway holds the key
It's got a lead foot down when it's leaving
Lord knows it's taken a hell of a beating
A little bit of love is all that it's needing
But it's good as it is tough
I got a heart like a truck

Go on and see if you can knock off the dust yea
Shine it up revv it up and let it run yea
It gets a high riding off into the sun yea
It gets a high riding off into the sun
