

# Classic (feat. Fetty Wap & Powers)

## The Knocks

One, two, three, four  
Come to me baby, don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy  
It was a summer time, that summer high  
Oh what a masterpiece  
The way your eyes met mine  
Sweet like apple pie, caught in your energy  
The future came to me, I see  
Yeah, it feels so classic  
You and me, the magic  
And I know we have it  
Cause it feels, yeah, it feels, yeah, it feels so classic  
Cause it feels, yeah, it feels, yeah, it feels so classic  
Come to me baby, don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy  
So classic  
Come to me baby, don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy  
So classic  
Oh what a summer time, when we lost our minds  
Between the birds and bees  
Buzzing in the blue sky till the full moon rise  
Playing with chemistry  
Baby are you with me,? Oh  
Yeah, it feels so classic  
You and me, the magic  
And I know we have it  
Cause it feels, yeah, it feels, yeah, it feels so classic, mmm  
Cause it feels, yeah, it feels, yeah, it feels so classic, mmm  
Come to me baby, don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy  
So classic  
Come to me baby, don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy  
So classic  
We're just looking for the fun here  
We don't know what's gonna come, yeah  
Just looking for the fun here  
We don't know what's gonna come, yeah  
Cause it feels, yeah, it feels, yeah, it feels so classic,  
mmm  
Cause it feels, yeah, it feels, yeah, it feels so classic, mmm  
Come to me baby, don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy  
So classic  
Come to me baby, don't be shy  
Don't be shy, don't be shy

Come to me baby don't be shy  
So classicSo classic
