

Want You (feat. Miranda Glory)

Rynx

Always at your door even when it's dark outside
No I shouldn't be, I'm only yours part time
You're risking a lot on me.
Finding love like the lottery
Tryna win but it's haunting me
All my feelings fading but for you they're going crazy
Try to walk away but end up closer to you baby
Closer to you
Closer to you
Closer to you
I don't wanna want you
I don't wanna want you
I don't wanna want you
I don't wanna want you
I don't wanna want you
But I do
I'm risking everything for you, I'm risking everything
I'm risking everything for you, I'm risking everything
I don't wanna want you
I don't wanna want you
I don't wanna want you
I don't wanna want you
I don't wanna want you
But I do
But I do
But I do
But I do
I don't wanna want you
(but I do)
(but I do)
(but I do)
(but I do)
