Focus

H.E.R.

Me Can you focus on me? Baby, can you focus on me? Baby Hands in the soap Have the faucet's running And I keep looking at you Stuck on your phone And you're stuck in your zone You don't ever cook But I don't wanna give up Baby, I just want you to get up Lately I've been a little fed up Wish you would just focus on
Me
Can you focus on me?
Baby, can you focus on me?
Baby
Me
Can you focus on me?
Baby, can you focus on me?Lazy and broke
No, he get this money
So I guess I can't complain
But I feel alone even when we're alone
And that don't cost a thing
But I don't wanna give up
Baby, I just want you to get up
Lately I've been a little fed up
Wish you would just focus on
Me
Can you focus on me?
Baby, can you focus on me?
Baby
Me
Can you focus on me?
Baby, can you focus on me?
MeBaby, focus
Can't you see?
I just wanna love you, baby
