

# I'm In Love

Bobby Womack

Ohhh, yeah  
Ohhh, baby  
Ohhh, yeah

I'm in love with a good woman  
Who understands  
She can't go far in this world  
If she hasn't got a good man

I'm in love  
I'm in love, love, love

Love  
Make me feel good all over  
I'm in love  
I know yall know what I'm talkin' about  
It's like this  
I feel just like a baby boy  
On Christmas Day with a brand new toy

I'm in love, yeah  
I'm in love, love, love

(talking) Bobby, play your guitar  
{ guitar interlude }

Ohhhh!!!  
Make me feel good -- do it again  
Do it again and again and again

If you got somebody you can call your very own  
I know y'all know what I'm talkin' about
