

# Memory

## Kane Brown x blackbear

wanna live life fast, I don't know how to slow down  
Wanna get high, I don't know how to come down  
Help me now, I'm runnin' on empty  
And I don't wanna be a memory  
Am I the only one that's comin' unglued?  
Emotions buildin' up, they start to run you  
Bottles on the shelf I'm 'bout to run through  
Doin' everything I wish that I can undo, ayy  
I'm by myself  
And why won't no one help?  
I know this can't be healthy  
So I'm lookin' for a way out  
I wanna live life fast, I don't know how to slow down  
Wanna get high, I don't know how to come down  
Help me now, I'm runnin' on empty  
And I don't wanna be a memory  
Live life fast, I don't know how to slow down  
Wanna get high, I don't know how to come down  
Help me now, I'm runnin' on empty  
And I don't wanna be a memory  
(Ooh, ooh, ooh, ooh, ooh-ooh)  
And I don't wanna be a memory  
(Ooh, ooh, ooh, ooh, ooh-ooh)  
Tryna find the beauty in the let down, goin' through my texts now  
Tryna find the things I never said to prove a point  
I'ma roll my feelings in a joint  
Pieces of the story that got left out, I checked out  
Wish it was, I wish it was, I wish it was a phase  
Nothing you can do and there's nothing you can say  
Runnin' from the, runnin' from the, runnin' from the pain  
I gotta get away  
(I gotta get away, gotta get away, gotta get away)  
I wanna live life fast, I don't know how to slow down  
Wanna get high, I don't know how to come down  
Help me now, I'm runnin' on empty  
And I don't wanna be a memory  
Live life fast, I don't know how to slow down  
Wanna get high, I don't know how to come down  
Help me now, I'm runnin' on empty  
And I don't wanna be a memory  
Am I the only one that's comin' unglued?  
(And I don't wanna be a memory)  
These bottles on the shelf I'm 'bout to run through

(And I don't wanna be a memory)  
I'm by myself and why won't no one help?  
(And I don't wanna be a memory)  
I know this can't be healthy so I'm lookin' for a way out  
(And I don't wanna be a memory)
