

# More Than One Year

Jacob Bryant

[Verse]

I did a one night stand in Phoenix  
At a rundown dirty bar  
And as I stumbled off the stage  
An old man grabbed my guitar  
He said, "son I'm glad I caught your show  
I really dig your sound  
But you may never get your chance  
If you don't slow down"

[Chorus]

I said I'm hopped up on the cocaine  
Shootin' whiskey feelin' no pain  
Need a handful of pills  
Just to get back down  
Half a bottle of George Dickel  
And fully loaded pistol  
Scares off all the demons  
Every time they come around  
I've lost track of all the women  
Can't get back what I been spendin'  
That's just the cost of livin'  
More than one year at a time

[Verse]

Well he was standin' in the shadows  
He fired up a cigarette  
It was like I'd always known him  
Even though we'd never met  
There was something so familiar  
That old six string in his hand  
But then his words cut through the smoke  
He said I understand, son

[Chorus]

Lord I'm hopped up on the cocaine  
Shootin' whiskey feelin' no pain  
Need a handful of pills  
Just to get back down  
Half a bottle of George Dickel  
And fully loaded pistol  
Scares off all the demons  
Every time they come around  
I've lost track of all the women

Can't get back what I been spendin'  
That's just the cost of livin'  
More than one year at a time

[Guitar Solo]

[Verse]

Well I got an ice cold eerie feelin'  
When I recognized that man  
He said Hoss Lord this outlaw bid  
Can sure get out of hand

[Chorus]

When you're hopped up on the cocaine  
Shootin' whiskey feelin' no pain  
Need a handful of pills  
Just to get back down  
Half a bottle of George Dickel  
And fully loaded pistol  
Scares off all the demons  
Every time they come around  
I've lost track of all the women  
Can't get back what I been spendin'  
That's just the cost of livin'  
More than one year at a time

More than one year at a time  
Yeeaaaah, yeah, yeah, aw awwww  
Yeah, yeah
