

Wanna Be With You

Urban Knights

Yesterday seems like so long ago
This space I'm in, reminds me so
Of the times, I use to rip and
run
Shootin' my guns and out for fun
As time passed by, I changed my point of view
Started to
search for someone like you
You made me feel so much love from the heart
Enough to know
we'll never part
I wanna be with you
That's all I want to do
I wanna be with you
That's all I want
to do
I wanna be with you
Look at you, like someone from a dream
You came to me, in time of
need
You are the best, You're different from the rest
You take the cake, for goodness sake
I take
you out, to prove that it's true
The greatest love I ever knew
Is in my arms, for more than just a
night
'Cause baby now, you are my life
I wanna be with you
That's all I want to do
I wanna be
with you
That's all I want to do
I wanna be with you
