

# Shuttin' It Down

Cole Swindell

Taxi's here  
Everybody better finish their beer  
Throw on your hats  
Slip on your boots  
We 'bout to slide outta here  
Check out this town  
All the pretty things runnin' around  
Might let 'em run away with our heart  
Or just a little low key kiss in the dark  
Hey yeah  
It's eleven thirty pm  
and we come rollin' in  
Hey Yeah  
Screw a booth in the back  
We wanna be in the middle of that  
Dance Floor  
All Night  
Spinnin' those country girls around  
We didn't open it up  
But we damn sure  
Shuttin' it down  
Hey Yeah  
Last call  
Gettin' kicked out  
Yeah that's what I'm talkin' about  
Shuttin' it down  
Shuttin' it down It's just like us  
To be last minute  
Just showin' up  
When it's loud  
When the crowd's  
Already got a good buzz  
We're all done with the pre-gamin'  
and now it's off to the what's your name and Bartender get the pepper flamin'  
It's all good man keep the change, yeah Hey yeah  
It's eleven thirty pm  
and we come rollin' in  
Hey Yeah  
Screw a booth in the back  
We wanna be in the middle of that  
Dance Floor  
All Night

Spinnin' those country girls around  
We didn't open it up  
But we damn sure  
Shuttin' it down Later on it's gonna be  
Bouncer sayin' buddy You can't leave with that beer  
You ain't gotta go home  
But you can't stay here  
Damn Hey yeah It's eleven thirty pm  
and we come rollin' in  
Hey Yeah  
Screw a booth in the back  
We wanna be in the middle of that  
Dance Floor  
All Night  
Spinnin' those country girls around  
We didn't open it up  
But we damn sure  
Shuttin' it down  
Hey Yeah  
Last call  
Gettin' kicked out  
Yeah that's what I'm talkin' about  
Shuttin' it down  
Shuttin' it down Ok I'm Out
